EXTENSION AND OUTREACH ACTIVITIES POLICY

The objective is to act as a bond between the institution and society, to provide better and effective services for the development of rural areas through various innovative initiatives. EIDS students under the guidance of the faculty, engage in social upliftment activities to foster rural community development through various projects and programs. This policy for extension activity involves identifying community needs and then partnering with local organizations and individuals to address them through awareness campaign, extending knowledge and other institutional resources to the community. Outreach program is a complete entanglement between the community and education Institution. Outreach activities develop learning and applying knowledge to studies, community services, a sense of responsibility toward the unreached community's reflection and feedback on the experience to improve and sustain the process; and a partnership between communities

VISION

To improve the value of the life of rural people by meeting their rudimentary needs of the present without compromising the ability of the future generations through participative planning and implementation of sustainable practices and improving the quality of life and economic well-being of people living in the rural area.

MISSION

Our institution inculcates social value and responsibilities to the faculty members and volunteers by imparting extension activities in the neighbourhood for holistic development of the society. Through extension and outreach programs, we sensitize the students to develop social values, widespread their responsibilities and knowledge in societal issues and problems by making them to involve with the community people

OBJECTIVES

- There shall be a committee established exclusively that shall be the central organ for coordinating all extension or outreach projects.
