ENERGY AND ENVIRONMENTAL POLICY

Policy purpose

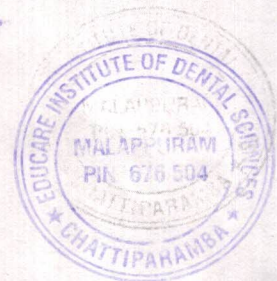

- To reduce the energy consumption and to reduce pollution in the campus.
- To improve the quality of air and lighting
- To protect the natural environment and enhance the quality of life

Aim

- Educare Institute of Dental Sciences aims to manage energy consumption in an efficient way and to find an alternate source of energy to reduce the energy crisis

Objectives

- To assess the energy usage and to minimize wherever possible
- To make use of natural light
- To minimize air pollution by encouraging carpooling, college transportation facility and pick-up in environment friendly vehicles
- To install Led bulbs in the campus
- To develop a herbal garden and initiate 'Go Green' drive by planting trees
- To plan and initiate a better and systematic waste management mechanism
- To adopt rain water harvesting system /method
- To create an awareness among our students and staffs regarding energy conservation measures
- To implement new measures to reduce our energy consumption

An ISO 9001:2015 certified institution

Roles and responsibilities

- To engage in activities with the municipal corporation, government agencies and local organizations that can bring energy efficiency changes in our institution.
- To encourage the students and staffs to minimize the use of electricity whenever and wherever possible
- To ensure that the target is achieved as per the 'Go Green' initiative
- To reduce water utilization and avoid wastage
- To follow proper disposal and maintain waste management protocol
- To maintain an eco- friendly campus

This policy will be communicated to all students and staffs in the institution.

Policy objectives and target will be reviewed periodically under the guidance of the principal.
